

To whom it may concern:

Please do not take away the telephone privacy act. It is so nice just to come home in the evening and only get one call from a family member instead of ten calls from people trying to sell you stuff. I'm a secretary who listens to a ringing phone all day. The last thing I want to hear when I come home is the phone ringing off the hook unless it's someone I love and care about. Thank you for listening.
